

Purchase Gold Support for your OptiView Integrated Network Analyzer and get a 25-Device ResponseWatch Software Free *Rebate Redemption Form*

ResponseWatch uses an embedded agent in the Cisco IOS called IP SLA to gather network performance statistics. IP SLA measures response times, network resource availability, application performance, jitter, connect time, throughput and packet loss to ensure compliance with SLA's and alerts users to non-conformance.

And now, when you purchase Gold Support for your OptiView Analyzer, you can get a 25-device license for ResponseWatch – a \$5,000 value!

Follow these steps to receive your free ResponseWatch software:

Step 1: Purchase Gold Support coverage for your OptiView Series II or III analyzer between June 1, 2008 and December 31, 2008.

Step 2: Complete this form

First name _____ Last name _____

Email _____

Company name _____
